IW3234P-U

32" PCap Open Frame Display

Public Information

Hospitality

Retail

Restaurants

IW3234P-U

Projected Capacitive
USB Connection

At a Glance

- Flush screen
- Bezel free
- Reliable and durable
- Multiple touch points, up to ten

The InnovaTouch 32" open frame display features a flush screen and bezel free design, both of which contribute to its aesthetic appeal and ease of use. It has been integrated with projected capacitive touch technology, a technology that allows for multiple touch points and gesture input. The touch monitor finds a home in public information spaces and hospitality environments.

IW3234P-U

Applications

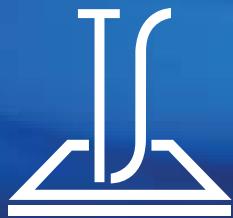

- Retail
- QSR
- Hospitality
- Medical
- Kiosks
